From the Headmaster

It happens every year. I don't know why I'm surprised that it does because I prepare for it. I even SAY that it will happen long before it actually does. Way back in September, at the first assembly of the school year, I always say that our time at Stanstead College will pass by in a flash and before we know it, the school year will be over. I mean, I KNOW that it's going to happen! But.. I'm still never ready for it.

Every year when Baccalaureate rolls around in late June, I'm completely stunned that the year has passed by so quickly. How did we get from the excitement of the first few days in September, Day at the Lake and the spectacular colours of autumn to the long cold and snowy days of winter to more sunshine and the goodbyes that come with spring? What happened?

Well, after 10 years as headmaster of this school I can tell you with absolute certainty... that I don't know! But fortunately, I have loads of memories to think back on. This yearbook is full of those kinds of memories. A huge thank you to Mr. Murray and his team for putting this publication together. It's always a thrill to flip through the pages and recall the special moments, the accomplishments, the laughs and the fun that are part of every school year. I hope that you'll feel the same way when you turn the pages here.

This was definitely a super year, and you were a wonderful group. I've spent countless hours trying to come up with words to describe the 2014-15 student body and after much research, soul searching and reflection I've come up with the following: "Easy Peasy Lemon Squeezy!" Actually, Kiefer's mom said that, and I borrowed it from her.

Anyway, those words are perfectly appropriate. You were a fantastic group of students. You were very easy to work with, and I truly appreciated how well you treated each other and the positive energy you brought to every aspect of Spartan life. Thank you, and keep doing that!

Please enjoy this year's Spectrum. Congratulations to all of our graduates who we hope to see at Homecoming and at our alumni reunions.

Take care of each other and best wishes.

Sincerely,

From the Editor

First I'd like to thank my yearbook group for all the great work and effort they've put into this awesome book, and special thanks to Mr. Murray for giving me the opportunity to take charge this year and for all the help, since I have never done this before!

Also, thanks to all the students for getting involved in all the activities throughout the year, which allowed for all the fantastic photos! And a thank you to everyone for making this 2014-2015 school year such a memorable one!

Finally, I would like to wish everyone who is returning a great year, and wish all the grads good luck in everything they do from here on out!

From the Head Prefects

Time flies by faster than we can imagine. It seems like just yesterday that I was a young Grade 9 kid in Bugbee. I remember something from my favourite TV show. An older man was giving a young man his pocket watch. As he passed on the heirloom, he said that the more he checked the watch, the less he knew what time it was. We spend too much time worrying about holding onto time that we forget to enjoy it. The secret, I found, is to think like a child. Just remember what it was like to be a young child. It took forever for your birthday, or summer, or your favourite holiday to get here. You seemed to have all the time in the world. Children have the secret figured out. We just have to think like children and enjoy our time.

I've been reflecting on how great my life turned out, how happy I've come to be. I've realized all the small things do matter, all the little things that my friends do when I just can't handle all the pressure. I truly believe that Stanstead College made me grow into a better person. People are so kind that it forces you to be kind too. You see your role models helping with a school event, which encourages you to do so. Stanstead helped me see the advantages of being here and helped me see how blessed I am. These are all the little things that make Stanstead College worth every day of your life.

One memory I have from being a child is playing with Play-Doh. You can shape Play-Doh into whatever you want as long as you have the inspiration. The same goes for writing a song. You can create whatever masterpiece you want with enough creativity. That's what your future is like. Only you can shape or compose your future, but you can make it into whatever you want. That is by far the most valuable lesson that I have learned here at Stanstead College.

Health. Wisdom. Integrity. That is the motto of Stanstead College. It's written on the shield, which couldn't be more appropriate. The shield was the most important and symbolic possession that a Spartan had. As the saying goes, a Spartan would return from battle either with his shield or on it. To us, that motto is our shield. So, Spartans, when you leave here, remember to take your shield with you.

Jacob Hekstrasser-Borsari

One of the biggest challenges I have ever faced in my life was being able to stay at a boarding school at 11 years old. I knew from the moment I left that everything was going to change but I knew that my parents were doing this for my benefit. What I didn't know was how different the environment was, what the expectations of the school were. The first two years were the hardest years because I had to make new friends and step out of my comfort zone. Everyone knew each other already so it took time to adjust. I can say now that I have overcome all these obstacles, and it wasn't all because of my bravery. I didn't do it all by myself, and that's what makes me so happy. There were so many people that were there for me, cheering me on and believing in me!

This place made me believe that I could do it! So thank you from me to all of you. It is not because of me but everyone around me that I believe in myself.

Departing

Amy Gallant leaves us after five years, having served in the Languages and Humanities Departments and as a Colby house director, a coach, a booster and bright light on our campus. She is going back to school to complete her master's degree.

Fatou Diagana came to us out of Bishop's University three years ago but it felt like she had been teaching all her life. A French teacher, house director and coach, she was always cheery and enthusiastic. Miss D will be teaching French in Maine.

Best of luck, Miss G and Miss D!

Matthew Thompson steps down as the director of Davis House after three years. He will continue teaching in the Humanities Department along with his other duties.

Keri Reynolds has been director or assistant director of Webster House for the past 16 years. She will now become our Animation Director and Break Trip Supervisor while continuing to work in University Guidance.

Firstly I'd like to say thank you to my mom and dad for everything. I've missed you throughout my time here but I know it was for the best! My brother Sulti, thank you for being my rock, love you with all my heart. The past three years at the 'Stead have been crazy, fun, exhausting and memorable. I would like to thank my friends for all the beautiful memories.

NEO, TJ, JACG, MH, IK, RV, YL, SW & CC you guys made my year. Going to miss you all.

The clique; AL; going to miss you and your beautiful laugh. GQ, RP, JACG. Glad to have had you girls in my life. SR, LION, EB, MSP, JimmyZ, Jono my day 1's its been a great ride.

KC, I honestly have never met anyone as kind as you. C ya in Ottawa :) Namka and Telmen, Mt's waiting for you J

Stanstead, I'm going to miss you. I'm heartbroken yet happy to start a new page. I'd like to thank my advisor Miss C for pushing me and helping me out. (BLONDIE)

Miss Wolfe and Miss Reynolds, mamas away from home <3

Thank you to all my "Favorite teachers" couldn't have done it without you Mr.MT, AS, EVD & Ms.V, all I can say to you all is that I'll never forget you and I appreciate everything you have done to me, thank you!

"Every end is a new beginning."

I wish all the graduates of class 2015 have a great summer and I hope we can all stay InTouch. JULIA YUR MY PERSON.

For the two years I've been here, Stanstead College changed me. From a non-socializing lonely boy, until I tried to make some friends, from not caring about study, to starting to care about study. I would like to thank my parents for giving me the opportunity to study at Stanstead College. I want to thank all the teachers and staff for all their help and advice, and I want to thank all my friends for accepting my short-tempered personality and always supporting me. This year has gone very fast, maybe because I enjoyed every bit of it. Yuan, you have been such a supportive friend, thank you and have fun at Queen's. Timur, nice roommate with good taste in music. Martin, funniest guy ever. Trevor, one of the reasons why I'm at Stanstead College, etc. And, to Momo, the special girl, you are the biggest reason why I'm here at Stanstead College, if you didn't know. I just want to say I love you, and thank you for everything. Have fun for the rest of your time at Stanstead College!

That wasn't like *High School Musical* at all.

Firstly, To Whom It May Concern, I would like to thank you for the votes over the last five years. I know I was a shoe-in each time, but I never would've won without the votes. It's been tough keeping up these looks the whole time but I pulled through. I'm relying on Antoine and Brad to continue my legacy next year. I would also like to sincerely thank Mr. and Mrs. Pass for their hospitality and somehow putting up with me all year. It was always appreciated. Shout out to the hockey boys, it's been a real time. The legacy of team honey coupe lives forever. Never forget how Axel scored one of our first MPH goals and how little sense that makes. Also, someone give Ariane my number. For the grads of next year, stay hopeful. The end of the year will come despite the long, gruesome and seemingly never-ending year. Do yourself a favour and don't attend school dances. Now lastly, I'd like to leave everyone with words from the all-time shortest-serving coach in Stanstead history: "Bow your heads for Grace."

Graduates, we made it! Stanstead definitely isn't an easy school and there's very little consistency. That being said, I believe the school has prepared me for university and life in general. I've made some of the best friends I could ever have hoped for here and I wouldn't trade these years for anything! Some shout-outs to specific people are below. However, everyone here has impacted my life whether you know it or not. People think we're twisted. Maddawg, but I have no idea what I would do without you by my side! You're a great human being and your existence is valued! I hope to see you a lot this summer before we depart for university. I can't wait to hear the stories that are made there. I love you so much! The other shout-out goes to Jay, who is my favorite frenchie, my thunder buddy, my amigo, and my partner in crime. You've made my last two years great and allowed me to come out of my shell. I appreciate that. For all my friends, I love you guys! I will never, ever, ever, ever forget you all and I will see you at Homecomings and/or visits! Good luck on future endeavours! See you later, Stanstead!

Wow I can't believe it's been 6 years already! These past years have blown right by! I'd really like to thank my mom and dad for putting in all the extra work and time to send me to such an amazing place where I was given countless incredible experiences. I love you both so much! I also would like to thank the teachers and coaches that have helped me throughout my time here. An extra thank you to Mr. Van Dyke, Ms. D and Ms. Hessian, three amazing coaches and all-round great people that have pushed me to succeed in athletics as well as academics. Thanks to all the amazing people that have become my close friends, that have made my 6 years so memorable; my ballers <3 I love you guys! And my crew, love all of you too! Special thanks to Yuan, Julia and Mady (8, David), lifers, I wouldn't have gotten through the 6 years without you guys! Rob: You're cool, stay cool. Ian: still not that bad... F***** I'll miss you, stay beautiful! Xavi: Don't play with fire. Ryan: **points to Rob... F?**. Meeks: best roomie <3. Liam: Congrats on the friend group, because I don't like ppl! Yuan: I love you tons baby!! I'm going to miss you so much and please keep in touch because you're my one and only <3. Bobby: stay gorgeous, and silly! Rosie: thanks for all the laughs! KC: You're such a sweetheart and I love you tons! I'll miss you so much! Julia: Never Change love <3! Nayla: I'll miss bball hotel travels with you! You're my favourite snuggler!

Best of luck to all the graduates!

For what it's worth, Stanstead College is as great as everyone tells you it is. All the laughs, memories, and friendships I've made down the line are ones that I will never forget. After 17 long years... I am finally graduating and on my way to University! Big thank you to my family, and especially my sister Shawnte for being my backbone through this whole experience. Thank you to Ms. D, Mrs. Wolfe, Ms. Lowry, and Mr. Van Dyke for always listening to me. You taught me that there is no better staff than at this school. To all of my friends, you are exceptional!! I will write about you in my books, (I just may not necessarily use your name.) The nickname KC started here and will end in nothing but success. Wow! Class of 2015... And what a wonderful class it was.

K Thank you endlessly to mom and dad for granting me this opportunity, the Stanstead experience, that has already and will continue to make many more opportunities possible. Swimming and tennis were real. Most of all, thanks to SHAY for being the most supportive, hilarious kid on this planet. I couldn't ask for a better sister. love YU. xx Chia. Read my novels one day, you guys, I promise to script in your personalities, names, and faces because you are all brilliant. C

I'd like to say thanks to all my friends for being there when I needed them most! Namka and Nayla for when I needed drama to spice up my life. Inkar and Retta for reminding me that I only had one jacket. Grenville and Tulio for being there when I wanted to do something I probably shouldn't have. Ryan for always feeling it necessary to remind me that I'm dyslexic. Rob for being the worst workout partner ever! Jan for the great times. Erin and Lyanne for letting me in the friend group. Rose for the hilarious heart-to-hearts. Gen for not beating me up when I make fun of how ESL she is and how much fun that's going to be at Harvard. David for providing us with a lifetime of jokes "I'ma turn you into a @!#\$% parking lot!!!" and finally Xav and Connor for some of the best times I had all year. Whether it was sleeping on a roof in the freezing cold or walking back from prom in the pouring rain at 4 in the morning. All I know is that I'm going to miss you guys like hell.

First and foremost, I'd like to give a shout out to the squad. You guys know who you are so I don't have to name people. Secondly I'd like to express how thankful I am for my experience at Stanstead College. Even though it's only been a year, I've grown so much as a person, student and athlete. This school changed me for the better and I know I made the right decision when I decided to attend Stanstead College. The past three years here at Stanstead College have been awesome, it was a memorable experience. Thanks to all the people that made this fantastic time possible. I will certainly miss the fun moments! Shoutout to the Oreocrew and the Squad. Keep it 100!

A blink of an eye... that's what my two years at the College have felt like. What a time it has been! The first term of sports were, as Mr. Simard said numerous times at the sports assembly, "a DISAPPOINTEMENT." The second term was one for the books. A new coach, no wait, two. We had a sick 20-game streak where we didn't lose, which is pretty damn impressive in any sport, even more in the great sport of hockey. We can't forget Switzerland and Gyorgy. For the boys who aren't coming back hopefully we'll be playing together or against one another in the near future. Those who are, good luck and watch out for the mosquitos, they'll be out to get you, if they do, you may get: "Hunted down and gutted like a fish." One things for sure we will be playing against each other at the alum game in a few years and for UDA if we make the grades. The last term was a good one as well, a little bit of softball never hurts (FEAR THE BLUE). It wasn't an easy year school-wise, but we made it. Great times in Physics and maybe a grind in Chemistry, but wouldn't have wanted to have spent it with anyone else. Thank you to all the teachers who've helped me get through such a year. If you asked me a few years ago what Harvard was I would've guess some random thing, but it was an honour to have had a classmate who's going there :) let's not forget a big part of why anyone was able to make it this far, the rents!!! On that, good luck with any crazy ideas you have. Can't wait to cross and meet up on the road called life.

It has been a great year at Stanstead College. For the two years I have been here, I have learned so much and learned to appreciate a lot. I want to thank all my friends for being there for me when I needed them the most and going through Grade 11 and 12 together. I will definitely look back and be thankful for coming to Stanstead College. I want to thank all the faculty, staff members, and my friends for making Stanstead College feel like home. I will miss everyone. Peace.

Well, the day has finally come, whether we like it or not. It seems like these past four years have just flown by and I was coming in as a freshman just yesterday. All the laughs we shared in class, Friday night stripes, movies in the lounge, sports and clubs... the memories I made here will never fade and I will cherish forever. First, several thank yous. An exceptional thank you to Mr. Williams for being more than just a teacher, but an advisor, coach, friend, and a father-figure to me. Mr. May and Mr. Pecinovic for the great times in Bugbee, and Mr. Van Dyke for all the incredible times in Physics class and the hard-fought points on the squash courts. Thank you to all my teachers, my friends and my peers as well. Special thanks to Xavier, Rob A, Lyanne, Liam, Kiefer, Jordan Larocche, Ian, David, Gen, and Erin for all the fun times, and I hope to stay in touch. Thank you to my family and my brother Connor for sharing my Stanstead experience. Last but not least, a giant thank you to Robert Meisner. Rob, thank you for being the best friend anyone could ever ask for. I truly consider you a brother, and I can't thank you enough for all that you do for me (ruv roo). Leaving this place is going to be very hard, but I'm sure we'll all make the best of it. Thanks everyone, and best of luck in the future.

Dear Old Julia,
I feel like this is the perfect time to tell you all that you need to remember about high school. First of all you loved to make people laugh and smile sometimes. I surly hope you still do. You were somewhat happy with life! You're parents, at this point in your life, were the most amazing and wonderful people in the world. Please appreciate how much they love you and everything they do to make you happy. You love them to the moon and back! Oh yeah, you have been at Stanstead College for 7, and, yes, seven years!! So you should make this a little bit personal and inspiring. The thing is that you are not a very sentimental person. The truth is Stanstead College has made you cheerful, funny (you think), tried to keep moving forward person! Trent University is probably the scariest step of your life at this moment. I hope you are happy and living the great life!!! :)

"The purpose of life is to enjoy every moment."

From school to soccer to hockey to tennis, in just one year Stanstead College has become my second home. All the long hours of practices, writing hours, long line-ups in the dining hall and especially winning CAIS in soccer are memories that I will never forget. This school is a truly unbelievable experience that will always be memorable. A huge thank you to Mr. Van Dyke, Mr. Simard, the best advisor, and especially my parents who were always there as a support. Another huge thank you to my crew C.C., J.C., J.P., C.C., S.S. and especially my best friend Michaela Pejzlova. P.S. Lara Copper I better see you at McGill next year and Kari I AM NOT COMING OVER.

My family: I couldn't be where I am without you. Thank you for supporting me. 300 words isn't enough to thank you. Julia: Having you as co-head prefect and more importantly my friend has helped me through this year. Your support means the world to me. Taylor: YODA. You're one of my best bros, and you have nine lives. Robert: You're not LIKE my brother. You ARE my brother. I've always got your back. I'd do anything to help you out. Vanilla: If I could create a prize in your honor, I would NOW. You're the nicest and most responsible guy I have ever met and a great friend. Xav: It's been a solid four years, man! If you ever need someone to cause chaos, jam or play xbox, give me a call. Sadie: Glad to have been your friend these few years. Your loyalty means so much to me. Oh, and vroom vroom! Dockie: Hard to believe I'll be leaving your advisee group. You've inspired and supported me to pursue a career in science, and it's been great to have you as my advisor. My advisee group: You are easily my favorite group. Really gonna miss you guys. Keep practicing Kan Jam! Matt: Aladeen! You're a brother to me. You're one of my truest and most loyal friends. Stay in touch. Pranav: It's great that you came back. You'll always be my "bro-migo" and a dearest friend. Emilio: This year was legend... wait for it. You're one of my best friends. I lost the Game... dary! The Rugby Boys: I've said it before, but I am PROUD to have been on this team. It will always be a part of me. Karina: Thanks for opening your home to me in the coming years. Let's go hit up McGill! Stanstead College. I wish you farewell!

I want to thank my parents for everything they've done for me. I loved the hockey program here, really going to miss the boys.

The past four years at Stanstead College have been some of the best years of my life. Thank you to my parents who gave me this opportunity and the teachers who guided me through it, but most of all thank you to my friends. You guys have given me so many good memories and it was amazing to see each and every one of you every day. I'll miss you all and you guys are the best. Goodbye, high school. Thanks to everyone for the great 2 years at SC. Peace out!

Wow, it's totally cliché, but it's true: I can't believe that the four years I've spent here are over. These years have been the best, and I wouldn't trade it for the world. Time for thanks. Lyanne, thanks for leading the squad efforts at lunch. Kiefer, the music jam sessions during study, and connecting me to Schenkman. David, thanks for the endless amusement. Rose, for taking away the serious edge of things. Yuan, thanks a ton for all the conversations. Rob, thanks for being the best roommate I've had, it was great. Ian, thanks for constantly being there, giving feedback and perspective. Gen, thanks for being you. Have fun at Harvard. You're one of my best friends, I'll make sure to visit. Ryan, you're like a brother to me, and I couldn't ask for a better partner in crime. Thanks for it all dude, this is not goodbye. Connor and Liam, seemed like everything this year came down to us, from sleeping on the roof when it was stupid cold, to the river adventure and the walk back to the hotel in pouring rain. It was a great year, and I couldn't have asked for better people to spend it with. A note to my future self: don't forget these people. They're awesome, and it'd be impossible to replace this. Be excellent to each other, and party on dudes.

I'd like to start by thanking everybody who made my first and only year at Stanstead College so amazing. Thank you to all my friends, teammates, but especially to my parents who gave me the wonderful opportunity to live this experience, to my advisor Mr. Rioux who did everything he could to help me get the best out of this experience, and finally to my coach and teacher Ms. Vaillancourt, who made me learn a lot of life concepts throughout the year. I'd also like to wish the best of luck to all students and staff members that I had the chance to meet this year. This school has made me grow as a person and it's with great and unforgettable memories that I'm leaving Stanstead College. I'm for sure going to miss this place but I'll always carry with me those great memories that are going to last a lifetime. It was by far the best decision I've ever made to come to high school here and I'll be forever grateful to have had the chance to live this memorable experience. Hope to see you all in the near future!

Six years ago, I arrived at Stanstead. It wasn't the easiest decision to make. From not being able to communicate with others to now being almost perfectly bilingual, Stanstead has changed my life forever. I've had the hardest and also the best experience here. I call it my home. It's hard to believe that high school is already over and we are moving on to a new chapter of our lives. I want to thank my parents for giving me this opportunity, always supporting me when I need it the most, and always putting faith in me. My adviser & house director, Miss Reynolds, thank you for everything you've done, for listening to me whenever I'm troubled, for supporting me when I feel down, thank YOU Mama K<3 To all the teachers that have taught me in the past 6 years, thank you all for the knowledge you shared and fun times in class. To all my coaches, from soccer to X-country running, X-country skiing to basketball, and rugby to curling, thank you for these amazing seasons! To my friends, thank you all for the unforgettable memories and crazy moments, and of course your support whenever I needed. It wouldn't be the same without you guys!! I love you to the moon and back! To my AP Chem & AP Physics class, you guys are awesome. I don't think I will ever have the same class experience like this. It's gold. You guys have honestly made my most stressful year the best 1 out of 6! And I won't forget my little Asian crew, Momo, Jiajia, Sheila, Trevor, Ziren and Rocky, good luck next year and enjoy SC! Thanks for the QT<3<3 Last but not the least, I want to say congratulations to my fellow graduates, WE FINALLY MADE IT!! I wish y'all the bestest in the future and university! We definitely gonna meet up again! Peace, Class of 2015. Peace, Stanstead.

Three years. I've spent 3 years at this school and it's been an incredible time. Music class with Mr. Grenier was great while it lasted with the first few guys I befriended at this school. Ryan Fletcher, my Grade 11 roommate, and one of my brothers, it's been great studying and hanging out with you. From our deep talks to repeating movie phrases, we've grown close, and I'm incredibly happy about that. I ruv roo, bro. Xavier Koontz-Miller, keep up your music. I can't wait to see you performing for one of those Late Night shows. Jacob Hochstrasser Borsari, dude, I wish you success for the future. It's been great exercising with you the few times I gained motivation to. Soundtrax with Mr. Van Dyke is definitely one to remember as well. Dirtbags. Vincent Martel, Yousef LePabie, you guys'll forever be my boys, and I appreciate the good times, from Learn-to-Skate and chilling to our intense "Man"ning session. My friends, keep in touch. Everyone at Stanstead who I've met, I hope to hear from you again sometime. I wish you happiness. Bugbee boys, it's been an honor. Good times shared between brothers. Ryan, I hope those movie nights didn't keep you awake that much! And Clodelle M.L. Abdo, if it wasn't for you, none of this would've been possible. Thank you so much for giving me this opportunity. Whether it's believable or not, we've known each other for six years, and those years have continuously built on each other to form the love we share today. L'étoile en bas à droite dirige le plus. Je te crois. Merci pour toutes les choses. Thank you for it all. Carpe Diem. It's been amazing. Stanstead. Peace, love, and all that smooth jazz. Take care. And you, reading this: keep moving forward.

Over the past 2 years, I made a lot of great friends and tons of memories. The friendships I have created will last a lifetime, and so will the stories. From late-night sleepovers with Sandy, Janko and Blist, or filming Blist perform the naked leaner. This year I have become close with Blake, a fellow east coaster, and we've definitely had some laughs. The majority of my time at Stanstead has been spent with my best friend, Mady. Having Mady here with me has made both years fly by, and I'm glad to have met such an amazing person. I'd also like to thank her family for acting as my second family by coming to my hockey games and letting me crash on the couch. I love all these people with all my heart and they have all changed my life for the better. Lastly, I'd like to thank my family for sacrificing so much to send me here, and allowing me to get an education not many are able to receive. I wish all my friends the best in there futures and hopefully we will all see each other again.

The past two years went by extremely fast. So many stories and memories I'll keep in mind for the rest of my life and so many friendships that I hope will last forever. When I look back on Grade 12, I can't recall a morning when I wasn't happy to wake up or I didn't fall asleep with a smile on my face. I would love to give a "cheers" to every person who made my time at SC special for so many reasons: Liam, thanks for all the talks, I'll truly miss you. To Grant and Butler for the many chirps but always the good times. To Xav, Ryan and Rob for all the laughs. To Nay, Jules and Lyanne for always being there. Finally to Will for making it a bit more special. To my lovely CBB: Inky, Mady and Genny, I definitely won't forget the many crazy moments, the roadies and our everlasting midnight bathroom talks. A special mention to my favourite high achiever Gen who made my year even more special for so many reasons "L'ÉVÈNEMENT EST INCROYABLE!" I wish you the best next year and thank you for almost always being right... J'l'aime fort. It's only the beginning of a long lasting romance! Thank you to miss G and miss D for being such a great support for me this year and always listening to my stories, it would not have been the same without you. Thank you to Mr. Ross for giving me the nickname "Poops" but also for all the great and "wise" advice! Merci mommy et daddy vous êtes les meilleurs! And finally thank you Stanstead for making such a great difference in my life!

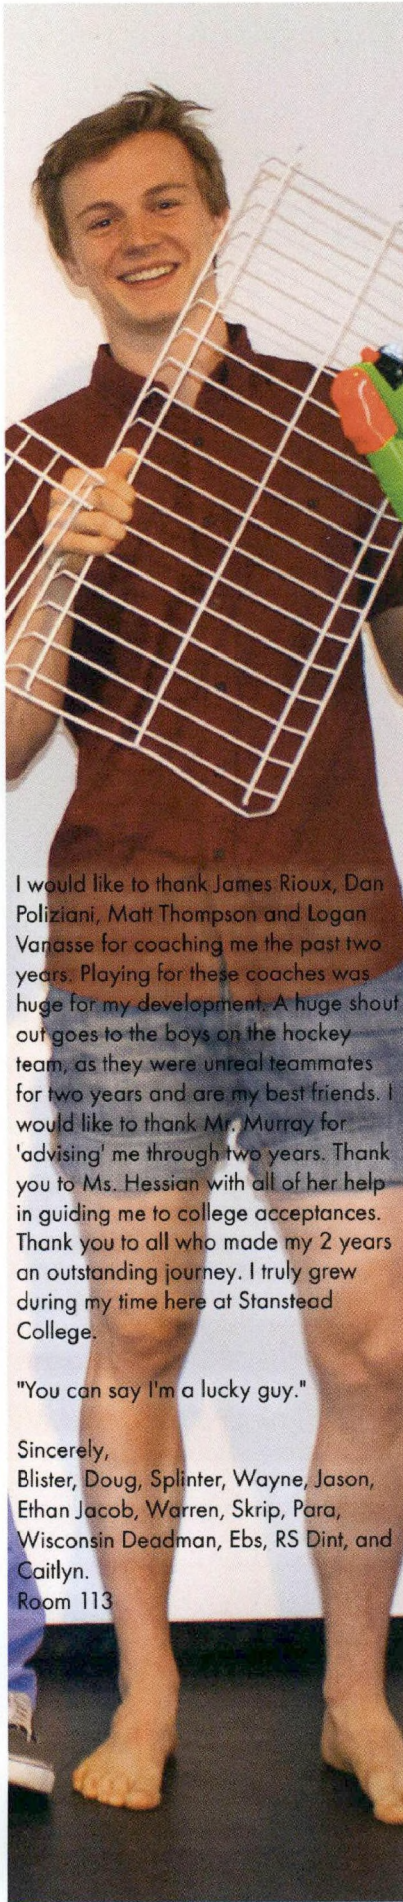

"Don't cry because it's over, smile because it happened." Love not war! - Chiiiiipss -

Hard to believe my first day at Stanstead was already four years ago. Where did time go? Thanks to this school I've grown into the person I want to be and have the passion every day to get even better. Of course, this would not have happened without a few people who've made this journey so memorable. Ms. Hessian, I've always admired you and you've influenced me in the best way. Mr. G, thank you so much for always listening to me and always being up for a conversation even in your busy schedule. You have helped me the most when things got really hard, and this experience has allowed me to be super tight with you and I'm so happy for that! Mr. Wells, you are a special one! You're probably the one who has helped and influenced me the most in terms of finding myself and expanding my train of thought. Thank you so much for believing in me no matter what. Xav, Ryan, Liam, Kiefer, this year would not have been half as funny without you! You guys are true friends. Inkar, Mady, Rosie... CBB for life! The bonding time was real I'm going to miss you girls so much!! And yeah I heard there was this guy Alex Butler that I should mention too I mean you're alright but (or more than that?!), took us long enough to figure it out! You might have to do a couple trips to Boston next year to make sure my head is still able to go through the door, no one is quite as good as you! ;) Couldn't finish this write-up without thanking my parents, who are truly great. Thank you for everything, for always believing in me, letting me reach high and always supporting me. And last but not least... Rosie Poops: This year was definitely INCROYABLE and you were a great part of it. Thanks for being such a great person, a great listener, and an amazing best friend. It's been real Stanstead, see you later!

To my future self,
At this time I would like to think that you are successfully doing something you love and makes you happy. You are probably looking back at this album wishing you could go back. It really was a great time. This place shaped you into the person you are today. You lived there, one of the best experiences of your life. You created memories, met incredible people, made mistakes, learned but most importantly grew. I hope you still live your life not caring about what people think and following your heart even if it leads you to the path less travelled by. Forgive me for this picture, I know it probably makes no sense to you right now and if it makes it better it did not make any sense back then either.

I would like to thank James Rioux, Dan Poliziani, Matt Thompson and Logan Vanasse for coaching me the past two years. Playing for these coaches was huge for my development. A huge shout out goes to the boys on the hockey team, as they were unreal teammates for two years and are my best friends. I would like to thank Mr. Murray for 'advising' me through two years. Thank you to Ms. Hessian with all of her help in guiding me to college acceptances. Thank you to all who made my 2 years an outstanding journey. I truly grew during my time here at Stanstead College.

"You can say I'm a lucky guy."

Sincerely,

I would like to thank my parents for everything they have done for me in the past two years. The hockey program is incredible. Big thank you to Mr. Rioux, Coach Poliziani and Mr. Thompson. Really going to miss the boys, especially the basement boys. Never going to forget all the laughs in room 113 with Zooke and Doug, even though Doug was continually on some serious Wifi. Good luck next year to the Grade 11s, hopefully Captain toine and his squad can make a run to the MPHL cup. Can't wait to become a clip with my boy Sandy. Finally free from daycare!

First of all, I would like to thank my parents for everything they've done for me. They have been supportive and have really helped me through my time here at Stanstead, not to mention that without them I would not have had this great opportunity. After six years here, I have also become very close to many teachers and faculty members as well as coaches, and I would like to also thank them for helping me and making my experience here wonderful. A super big thank you to my fellow Colby prefects (especially CBB) who made my time in there wonderful. I'll never forget all the late-night conversations in the bathroom (haha) and all the good times we had together. I would also like to say good luck to my sister Mackenzy and that I'll miss seeing you around school everyday next year. Thanks to my best friend Erin Butler/Bob for always being there for me! I'll miss you so much next year and you honestly made my year so much better thanks to all of our laughs and good times. Last but definitely not least, I would like to thank Drew Packman for always being there for me and making my day. Being there with you made everything so much better and I'll always remember the great times we had there. Before I met you, Stanstead was a decent place to me, but having you there with me made everything so much more fun and really made me enjoy. I can't wait for next year, but I know that I'll miss being here with you. So thank you for making me happy and making my time here so great. I love you so much hehe

Theo Thomas 6'3 guard Brampton, ON. Greatest to ever play the game of basketball LOL. Wow, high school has really come to an end, aha time really does fly. This definitely was not the type of start to a school year I was looking for. I mean, coming to prep school in Quebec was hard. First couple weeks felt way out of my comfort zone. I always thought the dream of prep is all about ball (eat sleep and breathe basketball). Halfway through the year it hit me, when I almost lost this great opportunity of attending Stanstead. It hit me that basketball wasn't everything Mr. Wolfe had a great impact on the person I am today. He taught me a lot not only about sports but what it means to be a young man and the responsibility you need going to school away from home and having some sense of structure. I can truly say Stanstead has helped me prepare for university, it gave me that independent feeling and really matured my mind. I've committed to Laurentian University and I thank everyone who helped and supported me throughout my whole recruiting process. I truly am humbled and honored. One day I will be successful. No doubt I'll come back and show love, do a lot of stuff to give back to this school. Stanstead did well to me. I made many mistakes here but I've learned from them all and would not be the man I am today had I not made these mistakes. Stanstead made me mentally, physically, and emotionally tuff, I don't even think I would have excelled as a basketball player had I not attended. For that I thank you all "Mistakes are the portal of opportunity." "We don't pray for deliverance from the storm we pray for strength in and through any storm." S/O TO MY HATERS! I would like to start by telling my parents, muchas gracias por haberme dado esta gran oportunidad, muchas gracias a mi padre por haberme pagado todo y por su apoyo y muchas gracias a mi madre por haber estado conmigo en las buenas y en las malas. I would like to thank everyone at this school for giving me this awesome experience that I will never regret, an experience that I will never forget, an experience that has changed me in so many ways. My parents can see a difference in me before coming to Stanstead and after coming to Stanstead. I would like to thank you all for making these three years the best three years of my life. I wish I could make a list of the people I would like to thank but I have limited space, plus I'd rather tell you all face-to-face what I have to say to you. It will be a difficult time, as I can't believe this is over, but as with everything in life, everything has to come to an end at some point. One door closes and another opens. So to keep it simple, I wish you all the best of the best to those people who, like me, will be leaving and good luck to those who will be staying. I will miss you all, and don't be sad about it. Like a wise women told me once, "Don't be sad because it's over, be happy because it happened." So go on and don't be sad and instead be proud and grateful for all of these great times you spent with your people

Thank you to everyone who has spent this chapter of life with me. Although, this chapter is coming to an end, the next chapter of our lives will be just as awesome as this one has been. It has been a pleasure spending these past two years with you all. We are the SC Class of '15. Be proud of yourself. Be a Proud Spartan. Good Luck, Everyone! and Thank You!

GRADE 11

So hey guys! As of now, I am proud to say that I have survived my first full Canadian winter. And trust me, you, who are reading this will never know the pain of -20 degrees weather to someone who grew up in the Middle East. However, as of my pretty-much second year at Stanstead College, I have grown to love this place. I've met some incredible people that made this year so memorable making me even more excited for next year. Shout-out to the squad; LC, KG, MP, SD and CC for having my back whenever I needed it. I love you all and can't wait to spend our senior year together. Also, another special shout out to my second mom, Jose. You will always be my number one role model. Stanstead College will never be the same without you, to me. Thank you for the endless efforts and trust you have put into me- you have changed me into a better person and I'm so grateful for that. Finally, Good luck to all who are moving on to university next year, I wish you the best!

Lastly, here's a little something I learned this year that I would like to share with all of you.

Just do what makes you happy, not what makes everyone else happy.

Trust me, it changes everything in the long run.

Hannah Montana said nobody's perfect, but here I am.

The year went by pretty quickly and looking back at it, I had some great moments with my roommate, who I like to refer to as my adopted brother as well as with my other brothers, Nic, Gen and also my father Blist. I will definitely miss the funniest guy on campus, Kari Belec, who never misses a chance to chirp me or any of the French guys on the team. On that note, I will leave you guys with a quote from my father Blist, "Life moves pretty fast. If you don't look around every once in a while you could miss it."

I would like to first start off by thanking my parents for supporting me and giving me the opportunity to attend this great school for the past four years. Four years ago I was in Grade 8 with no idea what was going to come next. Today I am in Grade 11 preparing for university applications, watching my best friends graduate and making decisions. First, I will start off with thanking Erin for sticking by my side since the beginning. I don't know what I will do without you next year. To Lyanne for making me feel tall when I sit down, I don't know who I will sit next to in all my sports pictures next year. To Rose, Will, David and Liam for all the lunch conversations. To all the graduates for making this year such an incredible year, thank you.

Boarding school. The definition I came up with before I stepped foot in the school was "prison." However the definition changed throughout the year. It was no longer "prison," in fact it became "freedom, opportunity, and the best thing that could of ever happened to me." Stanstead has changed my life drastically in an incredibly positive way. I know that thanks to Stanstead College my future is bright, and many doors are being opened for me that would of never been open before. I would not trade all of the experiences and memories for the world, that's how much this school means to me. I want to give a shoutout to those who made my year perfection, you know who you are, but a special shout out to Kaayla Clarke, Cledelle Abdo, Lara Cooper, Jordy Pimm, And Tesha Dobson, Misha Pejzlova, and Nick Burleson. To the class I want to say thank you for making this year memorable and I can't wait to see you next year.

I'd like to give a shout-out to my friends for making this year so unforgettable. Thanks J pimm for being the greatest first roommate I could ever have and being almost as crazy as me. I'm glad our insomnia could create so many good, but very odd, times. Clo, Charlotte, Misha, and Tessa, our rooms being so close together may have caused a lack of studying and completion of homework but I would not have had it any other way. I can't believe we are all really entering 12th grade next year considering some of our conversations during meals. Finally, Karina, I hope you kill it next year at McGill, I'll definitely be visiting and working to meet you there in fall of 2016. Don't be afraid to swing by and pick me up for a weekend or three. Also, thanks to all the staff who made my first year at Stanstead College a great experience. See you all next year!

Also shout out to the people who've been there for me though my rough times this year. And special thanks to my BBG for always being there no matter what, I love you xx. Thanks to the crew for making so many memories and this year and making it such an amazing experience. I will never forget this year as it made me grow into a stronger person and all the amazing people I have met. Can't wait for round 2. Until next year, Stanstead.

I can't believe my first year at Stanstead has come to an end. What a year it has been! I am so grateful for all the support and encouragement I have received from my parents. It's because of you I have been given the opportunity to attend such an amazing school. A huge thank you goes out to all of the teachers and coaches who made my experience so great (I now know hockey is not a book of physics). This year wouldn't have been the same without all of my teammates. Thank you to the soccer girls for one of the best sporting seasons of my life and to the hockey girls for being my family away from home (sorry about the bus incident, it was an accident). I love you all. A special shout out goes to the Blue Jays. We may not have been the best team but we weren't the worst team...at least I think so. Thanks to my Webster girls (LC, KG, MP, CC, CA, TD, SW). You guys are the sisters I never had. Finally, thanks to the Webster toilets for never working, the winter for finally leaving, and to Ms. G for letting me drop the deuces :). Looking forward to my senior year!

Three down, one more to go. Except next year, a lot of faces will be gone. A lot of faces that have helped make Stanstead home for me. People and friends who were at orientation day with me three years ago, and people who I have so many crazy memories with. From cars and garages to spring days on the football field, long talks in LeBaron and just randomness. I will miss all of you, although I am pretty sure my driving will always be in question. I am sure that I will see some of you again. Some of you are going far away though. It might be years before I see you in person again. So I want this write up to be a way for you guys to remember me, and how much you all mean to me. Rob, thank you for having my back for all these years. I am going to miss your face. Look for me at your first concert! I'll be there! Ian, oh Ian, now that you are graduating, the longest running joke in history can finally die. Have fun in the St. FX cafeteria! Fletch and Xav, no one at school will ever come close to the level of comedy you two possess. Keep making people laugh. Jake... I don't know what to say... except thank you. For the laughs, the hugs, and shoulder to cry on. For being there. I don't know what I will do next year, but I know one thing, I won the game... J. 300 words is not nearly enough for me to say goodbye, but it's enough for me to say keep in touch, and that I will miss all of you. Grade 12, let's go. - Sadie

So, after 5 years I'm finally writing my first grad write up. I need to thank a bunch of people who have made my years here so amazing. To my parents for making possible for me to go here and being so supportive. To my advisor, Miss Hessian, and my truly epic advisee group, you guys are the best little shoppers I know! Thanks to all the inspiring teachers and coaches I've had over the years. To the Crew, you know who you are, and we've had some crazy awesome times. I still can't imagine Stanstead without you guys. To my roommate Yuan, thank you for putting up with me, I love you so much! To Nayla and Julia my soul sisters. To the Grade 11s for the very interesting year! To Jazz Band, I never laughed so much in my life. To Habitat 2015 in Honduras with the sunburns and jokes (Would you rather?) and sweat. To our romps in the woods with OP, to the Ballers of 2015 and finally rugby the fun in the sun... and the snow and the rain (and the funniest moment in rugby history, right Miss Hessian?) To all of you grads leaving good luck getting out there! To all the guys returning next year I can't wait to have more good times. See you guys next year!

WORLD @ LUNCH

Students and teachers were divided up by random draw into the Third World, Second World and First World. The very few in the First World received a full meal. A slightly larger group in the second world were offered rice, fruit and vegetables and juice. The vast majority were in the Third World, who ate rice (no utensils) and drank juice. This annual activity is a way to demonstrate the imbalance in the world and the luck of the privileged few.

The football team enjoyed another enjoyable season, accumulating an overall record of 3 wins and 3 losses. As a small school of 218 students, we are very fortunate to have in our midst a relatively small group of positive young men who love playing the great game of football. I am very proud of the guys for exhibiting a relentless will to learn more about the complex and character-building game of football.

This year's team, made up of 25 young men, contained an abundance of big linemen, which allowed us to run an offence based on a balance of both running and passing plays. We enjoyed our second year as a member of the Independent Football League of New England, which this year included two rounds of playoff games, as well as games against strong teams throughout New Hampshire. As is often the case when Stanstead College teams play away games, the parents, home team coaches, and officials often commented on the very high degree of sportsmanship and politeness shown by our players at all times.

After only a handful of practices, we found ourselves playing the Berlin Gladiators, who were a well-oiled machine, since they had been practicing since August 1. Entering our second league game, the team lost to last year's league champions, the Seacoast Titans 51-26. Although the Spartans were 0-2 at this point, a beautiful Homecoming weekend helped to lift the boys up a little bit. We proved to be too strong for our rivals from BCS. Bringing the Senator B. Howard trophy home was a great moment for me. Thank you, boys. You brought a tear to my eye that only a few people on campus would truly understand.

Disappointment. The one word that best characterizes our season, unfortunately... and this despite many successful "business trips."

Numbers were not the problem, as we kept 24 players this year, which added its own set of wrinkles. We had good leadership and experience. We won the ETIAC League Banner once again, so why disappointment? Well, it goes like this: first we opted out of the usual annual Ontario road trip to save money for our CAIS trip to Bermuda. Then Galt dropped out of the league (which wiped our only league game loss from the record, but also removed our best competitors from the league). Then CAIS Bermuda was cancelled at the last minute due to Hurricane Gonzalo, so all the prep and paperwork and kit (as well as 5 games) were off. And finally, after a two week hiatus with no games due to break and the CAIS cancellation, we go into the ETIAC semi against MV, a team we had beaten 6-0 in our previous match against them, and lost 2-1 to bring a premature end to our season, denying us the chance to retain the playoff trophy. Blah. Not a very fitting ending for a talented and hard-working bunch of young men. But that's the way sports go. That's why you prepare hard and then play the games. Ultimately, life isn't always fair, but that's ok. You can still take lessons from the experience and move on.

Our overall stats this year (playing half the number of games as last year) were: 9GP, 5W, 2L, 2T, 27GF, 14GA, 3SO (ETIAC Record 5-0-1). Thanks to all for a good season, despite the disappointments. Thanks to Mr. Standage for his help and his always positive but quirky personality and sense of humour.

Take a look at the team picture. No one remarkable, really. Eighteen high school kids, varying degrees of skill, maybe one girl who can play at the university level. But this group of athletes, of Spartans, will deservedly be remembered as the most successful soccer team in Stanstead College history. Soccer team? Heck, maybe ANY team.

The statistics are staggering. 53 goals for vs 12 goals against. Twenty-one games played, with one tie and only two losses (both exhibition matches against powerhouse U.S. teams). The other 18 games? All meaningful and all victories. Every. Single. One. Undefeated (3-0) at our Stanstead Invitational, defending our title from 2013. Undefeated (9-0) in ETIAC play, capturing the playoff trophy for the second straight year, and the league banner for the fourth (!) consecutive year – can you say dynasty? And, incredibly, undefeated at CAIS (see opposite page), where we brought home Stanstead's first-ever CAIS Championship Banner. In any sport. For years and years Spartan soccer, basketball and rugby teams, boys AND girls, have gone to CAIS, and not one team has returned as national champions. Not one. Until now. Until these players. Even now I have to pinch myself – What? we actually WON CAIS?

But success should not be measured solely with wins and losses. No, what makes this the most successful team I've ever coached was how we did it. We were not stacked with soccer talent. In fact, I would say that we defeated at least three teams this season that were significantly more skilled and experienced. How did we do it?

With a veteran, impenetrable defence that was so smart and so good they earned their own nickname: the GDQ (Gilpin, Daigle, Quirion). With an inexperienced but athletic goalkeeper who was impossible to beat from distance. With a tireless midfield that never EVER stopped challenging and chasing and digging. With Karina Guerrero, the most natural goal-scorer I've ever coached.

And with trust. Trust in the system. Trust in the belief that no matter what one's role on the team happens to be, it is vitally important. Trust that one's teammates have embraced the importance of their roles as well. And trust that if everyone does their part then the TEAM can achieve, and maybe even overachieve.

That's how you young women did it. You found a way to make all the different parts fit together to make each other part BETTER, where one player's strength covered for another's weakness. You made a team that was so, so much better than the sum of its individual players.

And I was honoured to coach you. Thank you all.

CAIS National Champs

@ Bishop's College School

Game 1: SC 2 - Pickering College O

In her best game of the season Misha Pejzlova dominates the midfield, feeding beautiful passes all over the field that help create the only two goals of the game – the first on a corner kick, and the second on a perfectly paced through ball to a streaking Karina Guerrero.

Game 2: SC 2 - Bishop Strachan School O

BSS would prove a much tougher test. A talented, aggressive, fast opponent. The cold rain. The sloppy field. But none of this bothers the Red & White, as we play our toughest second half of the season. Contact, pushing, battling. Big Girl soccer. Scoreless tie. Until Genevieve Quirion, who had dominated her side of the field the entire game, pushes forward into space and finds Tessa Dobson, who sets up Karina for the eventual game-winner.

Game 3: SC 1 – Sacred Heart I

Already qualified for the Championship Division, everybody gets to play and everybody plays pretty well. Great saves by Sam Rhinds. Goal by Karina on a catapult throw-in by Lyanne Carruthers. Sacred Heart tied on a late penalty shot. By virtue of having the least goals against we will be ranked 1st in our division for re-alignment.

Quarter-final: SC 2 - St. Mildred's-Lightbourn School O

The pressure is back on. Lose and go home. We come out of the gates attacking. Great midfield work, superb performance from the defence of Gilpin, Daigle, Quirion (the GDQ), and speed runs up the left side from Lyanne Carruthers keep constant pressure on SMLS until inevitably Karina taps one in on a scramble to take the lead. But to win CAIS, you need a little luck. And we get some when we're whistled for a handball in the box in the second half and their best player misses the penalty shot wide left. After that gift from the soccer gods, I start to believe that maybe this could be our year. And when Kayla Clarke converts a cross to put the game out of reach, I believe it a little more. Little ol' Stanstead has made it to the Final Four!

Semi-final: SC 1 - St. Clement's School O

Number-one-ranked St. Clement's has it all. We are serious underdogs. But in the pre-game huddle we look around and realize it wasn't talent that brought us this far. It was working together. It was trust. So when we make it to halftime and it's still 0-0, despite SCS utterly dominating us, we know that we have 'em right where we want 'em! Because they're gonna get frustrated, they're gonna get careless, and we may just get lucky and catch 'em on the Karina counterattack...

10 minutes left. Scramble in our box. Alissa Bissonette wins the ball and clears it to Karina, who turns on her defender and turns the situation into a 40-yard footrace, the race is even the whole way, now top of the 18... she cuts in and wins

leverage... now her defender is on her hip... no panic... another perfect touch to the top of the 6... and finally, she coolly knifes it bottom left corner. 1-0 Spartans – what a goal!

Full defensive mode now. Under a minute left. St. Clement's steals one of our throw-ins at half, tic-tac-toes through the midfield, one-touches to the top of the 18, one-touches again into the box, and their striker finds herself with an uncontested shot from 12 yards away. The GDQ never allows these types of shots, but 5 perfect SCS passes make it happen. Here it is. Here's the tournament. And Samantha Rhinds, who started her soccer career exactly 13 months 2 weeks earlier, flashes out her right leg like a rattlesnake and makes the unbelievable point-blank kicksave to preserve the 1-0 win!

Final: SC 2 - Rothesay-Netherwood I

Here we are. All the marbles. But warming up on the other side of the field is RNS, the only other team at CAIS as strong as St. Clement's. Yep, we're underdogs again. But we'd beaten the odds just to get here – we know it can be done. We have a phenomenal opening 10 minutes, knocking Rothesay back on their heels with our aggressiveness and desire. But our talented opponents recover and take it to us for the rest of the half. Pinpoint passing, great communication, and defenders fast enough to deal with our counterattack. And then they string together the nicest goal I've seen scored against us all season. 1-0 down. And in soccer, against a great opponent, 1-0 down is a long way down. But at halftime, the players and coaches are NOT down. And somehow, after 5 games in two and a half days, the Spartans dig even deeper. No, that doesn't mean we start possessing the ball against RNS, but we disrupt them more, intercept more passes, challenge even harder, and counterattack even more. And then we earn a direct kick just outside the 18. Mya takes it, and this time Karina heads it just over the keeper and just under the crossbar! Tie game!

Rothesay is stunned, and lose some confidence. And then comes the Highlight Of The Year, Misha sends Karina in on a partial break, and Karina manages to force the excellent RNS defender to foul her. In the box. Penalty shot.

Is there any moment more packed with pressure than a penalty shot to win a National Tournament? I'm gonna go with no. Thirty-five players, ten other teams, the BCS student body, the Stanstead fan bus. All watching her take the most important shot in Stanstead College's history.

And Karina Guerrero, the Player Of The Tournament, ice-cold-water-in-the-veins buries it. From that moment on, it's hang on for dear life, as Rothesay throws the kitchen sink at us in a valiant effort to tie. But when you have the GDQ, a kitchen sink just isn't enough. The final whistle blows, 2-1 final score, and the rest, as they say, is history. CAIS 2014 Champions – your Stanstead Spartans!

What a season! The team came together quickly. Chemistry came naturally. And in the end, the raw talent and athleticism of the group combined with a tireless work ethic gave us a chance to compete each and every game. Our overall team record was 7 wins, 2 losses and 6 ties. We finished in second place in the league, with 3 wins, 1 loss and 4 ties. However, despite enjoying a strong season, we saved our best for last and achieved ultimate success in the playoffs defeating Seminaire Salesien 2-0 and arch rivals Bishop's College School 2-1 to take the ETIAC Playoff Championship Trophy. It was an absolute pleasure coaching you boys! Your positive spirits, self-motivation, desire to succeed and overall competitive nature made you all a formidable group of boys to work with. Thank you for the memories and congratulations on a truly fine season. Viva Stanstead! Special thank you to Emilio Flores for all the help and support coaching, as well as a big shout-out to team captains Andrew Stevens and Jacob Ducharme for their outstanding leadership and play.

Undefeated season. 8-3-0. 49 goals for (are you kidding me?) 5 goals against. 8 shut-outs. 1st ever ETIAC league banner. 2nd ever Championship Trophy. This is the legacy team. You are legend. Our stats speak for themselves. My tie speaks for itself (you guys will get that) and I am still wearing it even though you might be re-reading this 20 years from now. I want people to ask me about it. You girls made Stanstead College history. You were an awesome team to coach and not because you kept winning. You girls get what it means to be a team. You were nice to each other, you worked hard in practice, you learned our tactics and applied them in games, you competed hard, had fun and you were coachable. What more can a coach ask for? The winning was nice but the teamwork was better. You guys were like a well-oiled machine. Nah. You were better than that. You were like a super-terminator team from the future. It was pretty cool to watch from the sidelines. Skill, sports IQ, and effort combined. Every last player on the team. You know I will still be going to the gym to look at that banner long after you have graduated. We did it together. Other teams may repeat, but we were the first. How cool is that? Don't you forget it. I won't. Maybe I will have mounted my team pin onto a ring by the time you read this... my very own SuperBowl ring! What a crazy-good team. Thank you for being you.

The bantams were a potpourri of sizes, speeds and skill levels. The common thread was a love for playing soccer, getting better and, most importantly, having fun. We spent the majority of practices improving basic skills, learning about positions and "shape" and improving our knowledge and vocabulary for the game. Our fullbacks were tested often every game and became a very solid, cohesive group by the end of the season. They held the opposition to 12 goals against. Our starting midfielders proved to be a lively, active and effective force against every team we played. Up front was the most dynamic spot on the team and they created many scoring opportunities, potting 14 goals this season. There were two situations our goalies faced: the team was dominating so the goalie simply stood in the cold and rain, feeling miserable, wishing he was scoring goals. Second, and more frequently, our team was constantly playing defence, and the goalie faced a thousand shots, they score a 100 goals the goalie feels miserable. AND it is cold and raining. That was our season! Thank you all for a great season.

The season started cold and windy, but the bantam girls played like troopers. Day after day, game after game, they gave it every ounce of energy and dedication that they had. All but two games were played short-handed, something that we are used to, but something that can get very tiring, very quickly. While victory eluded us, we had fun and never gave up. Each and every girl on the team should be very proud of her accomplishments this year. For some, this was a brand new experience; for the others, it was old hat as they had played somewhere before. Everyone worked together, supported each other, encouraged each other and cheered for each other.

Congratulations to each and every player on your effort and contributions to the team. Special mention goes to those who participated in the mixed tournament that we participated in; winning on that awful cold, windy and rainy day was very sweet. Best of luck to all for next year; to those returning to bantam... we'll see you in the fall!

The year in cross-country running was a challenging one. With 33 runners ranging from bantam boys and girls to senior boys and girls, the season was exceptional. With 137 points in total in the overall standings, the team emerged as a solid group of athletes with determination, honesty and integrity enough to rival any of the larger schools we competed against. I am very proud with how the team represented the school at every race and demonstrated the high standards that we expect of our students. Being members of the ETIAC, our competitors were the local English high schools including our rival BCS, whom we almost beat in the finals with a close second place. The great season went well thanks to all the great Stanstead College staff, especially Mr. Charest whose cheerful attitude and great encouragements kept everyone in high spirits. A special congratulations to Vincent Martel for winning three silver medals and being the team's MVP. Through the wasps, muddy trails, consistent small injuries and positive attitude day in and out, I want to thank all of you runners for a great season and hope that you continue your cardiovascular adventures in all your future endeavours.

The Stanstead College varsity boys basketball team ended their season with another Visser provincial championship. The team also won the Clint Dunning tournament, CEGEP de Sherbrooke tournament and the BCS Invitational tournament, remaining undefeated in Quebec for two years in a row. The team also showed very well at top Canadian tournaments such as finishing third at the BRIT and finishing sixth at CAIS. With an overall record of 33 wins and 9 losses, the team played extremely hard in every competition they entered, especially considering they were low in numbers. As strong a combination of athleticism and skill this growing program has ever seen, this team will be remembered for a long time.

- Coach Bembenek

This past season marks the end of one of the most enjoyable eras of my coaching career. It is rare to have continuity at a boarding school, but luckily for me, and luckily for Stanstead College, a core of five players stayed together at the varsity level for the past three years. Nayla, Erin, Julia, Lyanne and Madyson all made the senior team as Grade 10s back in November 2012. Since those early days, not only have they all improved immensely, but every single one of them has come to love basketball. What else could a coach ask for?

I mentioned improvement. In 2012-13 (Year I) we finished with 13 wins vs 22 losses. In Year II, 20 wins and 13 losses. And in Year III we recorded 27 wins vs just 10 losses. This kind of steadily increasing success is a testament to what experience and teamwork – what some would call “intangibles” – can really accomplish.

But the core didn't do it alone. No way. Sadie, Susannah, Ashley, Mya and Chloe moved up from Junior and made huge contributions all season long, while Kayla and Rina, our two walk-ons, were equally instrumental to our success. Every player had a role, embraced that role, and made the team stronger. Strong enough to earn Silver Medals at the MIS and at the Bailly. Strong enough to win our own invitational. And most impressively, strong enough to beat the mighty Galt Pipers twice (!) during the regular season to win the coveted ETIAC banner for the first time in six years.

We played some very good basketball this season, and earned more than our fair share of memorable moments: Chloe's three-pointer with 13 seconds left against Ridley to send our first CAIS game into OT; Kayla's suffocating get-in-her-head defence against BCS's best player; Mady's from-the-rafters offensive rebound against Galt to clinch the banner; the Bailly heartbreak; Lyanne playing post at the McLeod; the instant classic double-OT win against MVR.

When I add these memories to the highlights from the previous two seasons, I realize how blessed I am. Blessed to coach such a fine group of young women. To enjoy the best of what high school sports has to offer. To have been part of this magnificent era. And now, with the amazing number of girls in the school whose favourite sport is basketball? With how great a culture we have for girls' hoops? With the experienced veterans returning and the talented players moving up from Junior? Hooboy! Kids, I can't wait – looks like it's time for the next era!

Overall, we had an excellent season. Although we lost our first game by 35 points and we lost our last game by 35 points, everything in between was very close. Throughout the season we were very competitive. In fact, most of our games were won or lost by 3 points or less. Max, Gene and Jeffery were all relative rookies to playing organize basketball. They practised hard all season and improved significantly. Mike, Brett and Nick were the engines who would grind out points, play hard on defence, were always positive and made a significant impact on the court. Jorge earned the Sportsmanship Award. He came to practice every day with boundless energy and gritty determination. During games, he was tenacious on defence, a beast on the boards but always a gentleman. Thomas and Eduardo both earned a Junior S. Both were team leaders and worked hard during practice and in games. However, they each had a different impact role on the team and on the court that led to our success this year. Thomas took on the demanding role as our point guard. Eduardo was our go-to guy, whether it be in the post, breaking a press or setting the screens for others to score. Many thanks for a memorable season. - Coach Blair

Our record this year was 11-7. We were fourth out of 12 at the MIS Tournament, second in our division, going ahead of a team that beat us because of a three-way tie (points against) and our awesome defence. We lost in the ETIAC finals, had a play-in game to go to provincials, where we won the consolation. All in all a great season where we learned and improved a lot, laughed even more and had fun!

Our Sportsmanship Award was shared by Kayla Ouellet, our co-captain, who was always encouraging; and Claudia Romero, a fierce competitor on the court who kept us laughing off the court. A Junior S went to Mackenzey St-Pierre. I kept giving her new things to learn all season. It was rewarding to watch her confidence and abilities grow this season as well as her belief in herself and her teammates.

The second "S" went to co-captain Kaylee Bowen. Kaylee is canny and never stops going after all loose balls, and she's so tough. She has become so consistent and did each of these and more every game. Kaylee did not have a bad game all season, and that is why we were as successful as we were. - Coach Wolfe

After a one-year hiatus with no eligible bantams last year (and therefore a year of "intramural basketball") this year saw the return of a Bantam Boys team playing in the ETIAC league with an 11-man squad (including a few over-age players). We played a total of 12 games and became known as the "road warriors" due to an extensive series of six consecutive away games in the months of January and February. For many of these Spartans it was their first experience with basketball, while our opponents often played together throughout their elementary school years. We did a lot of learning, gained experience, and had fun... and had a perfect record... sort-of! We had some memorable days, like the one where I had to stop practice due to three injuries within one minute, while NOT playing basketball. Fred asked if he could eat pizza three minutes before a game, and theorized that Richmond made their gym cold on purpose so they would have an advantage over us. Hide was often out-of-control and sometimes gave TMI. Nam and Fred were banned from asking questions.... but they both finally got their first baskets of the season during the last week. Andrei, Tim, Guoyao, Vincent, Zack, Bruno and Patricio all improved and had their moments during the season. Tyler was the first to volunteer for everything, was very coachable and always did as asked, attacking the basket despite his small size. Thanks to all for their commitment to learn and improve this past season. I look forward to seeing many of you continue to grow and to become better basketball players in the future. - Coach Simard

We are proud of each curler for their dedication and commitment during the long winter term. From a competitive standpoint, it was a very successful season. SC finished second in the league and second in the playoffs.

Every player improved as the season went on. Morgan Ireland was the most consistent lead in the league while Ian Kemp and Lou-Henri Scraire were the team leaders. At the close of the season, Ian was given the Sportsmanship trophy while Lou-Henri was given a Senior-S award.

SC hosted a group of visiting Asian students one cold afternoon in February. Our students felt first-hand what it is like training and showing a group of inexperienced young people how the game works! We were pleased by the helpfulness, comportment and patience shown by our curling team during their visit to the Border Curling Club.

Thanks for a great season!

This year's swimming season was just, basically, awesome. I would like to thank all the athletic swimmers who, through perseverance, focus and training, proved they could surmount any odds. Their positive attitude, honest love for Timbits and disrespect for cold pool water were a constant reminder of why the loudest, proudest and most polite team at competitions was always Stanstead College students. With 417 points accumulated through the season, we came in second place, only 20 points behind BCS who took the banner this year, though I am certain they will just be holding it warm for us until we get it back from them next year. Swimming is an individual sport. Even when in a relay it is just you and the other swimmers trying to beat each other for that finishing stroke. A thousandth of a second is big deal here, folks. Whether celebrating each race with "Princess Leia Towel heads" or intimidating the other schools with a Spartan cheer that curdled their blood, we never left without leaving a positive impression on the judges and other coaches. When we decided to have two relay teams, the other schools followed. When we sang on the bus, we sang in assembly. This team was a cohesion of strong characters and fantastic team spirit that I have been honoured to be a part of. Thanks for a great season, everyone.

In my 34 years of coaching I doubt I can recall a year quite like this particular campaign. Success appeared undeniable for this group, as an early string of wins came often and losses were short-lived. Rarely were two losses strung together. When year-end deciding contests ended poorly with losing results, the lessons were learned much too late to help. Failure has to be viewed as a lesson, nonetheless, and not as a designation or label and while unfortunate for our ten seniors, our returning players will be fueled by understanding that we simply hadn't tried hard enough. I find comfort in the knowledge that achievement and success is a process, not an end in itself, and, as Joseph Campbell also posits, "It is only in the experience of life's successes and failures that salvation and true happiness can be found."

Thank you, girls, for trusting us and for giving everything you had... most of the time! ;) In all seriousness, I am amazed with how much all of you progressed this year. You became physically and mentally fit - how about those stairs and those timed skating drills or those runs after or before games? Most importantly, you learned how to quiet that "little voice" telling you you're done and that "limits - in the words of Michael Jordan - are often illusions." You are now mentally strong; let's be honest, you survived my tough medicine. Your growth and our coming together as a team was slow moving, but when it peaked, it peaked at the appropriate time. For the last 21 games of our season, we won 15 games, lost 3 and tied 3. We made it to the final game of our league championship. Unfortunately, we didn't win, but in my book, I truly believe that all of you are winners. You are winners because you survived the year. You are winners because you grew as people and you pushed your limits. You are winners because in face of adversity you rose up to many challenges in front of you. During one of the last weeks of the season, I asked you to run a 3K under 14 minutes, 25 minutes before a game. You did it, without complaining, and you proceeded to win a big game, managing to look fresh throughout the game! You will never cease to surprise me, positively or negatively (you know what I mean), but we are family and I would not change you... okay maybe a few things: Jordy, stop thinking hockey is like a book of physics. Meg, turn into a Type A. Maude, get a cellphone so you can use it to text Tulio instead of using your tablet. Judith, stop smiling when we get mad at you. Karina, Dori, turn your volume down. Gen, stop being so smart all the time. Sarah-Maude, run faster. Sam, RELAX. And, Biss, please don't wait for playoffs next year to score your first two goals... in the same game, within three minutes apart! I am really proud of all of you, and for as long as I will be the head coach of the girls hockey team, this team will be remembered as the pioneers and the survivors!

This year's program included an intramural group, a bantam team and a junior varsity team that competed against senior high school teams throughout southern Quebec.

Our **intramural** group enjoyed a wonderful season, progressing from learning how to skate to eventually scrimmaging regularly in practice. All in all, it was amazing to see so many new faces love the sport of hockey and eagerly take to the ice to practice Canada's game!

Our **bantam** team showed tremendous progress despite smaller numbers. We finished the season with a record of 5 wins, 7 losses and 2 ties.

At the **junior varsity** level, the team enjoyed a more rigorous schedule than past years and truly worked very hard throughout the season, improving in all areas on and off the ice. Our overall record was 16 wins, 18 losses and 1 tie. Highlights included wins over Lower Canada College, opportunity to play rival North Country High School in front of a packed arena, as well as a great trip to Massachusetts to attend the Eaglebrook Tournament. The growth and individual improvement made by each and every player was truly remarkable. Although we played with a relatively thin lineup, we showed our Spartan ways and competed hard against

Special thanks to co-coaches Patrick Colomb and Patrick Fraser for their tremendous support and tireless efforts both on and off the ice. And a big thank you to the team captains: Jordan Norris (C), Max Bourque (A), and Jacob Ducharme (A) for their leadership and dedication to the program.

There were a record 33 boys who tried out for this team before the March Break. Some of them got sent back down to junior and we ended up with a solid core of 26 guys, half of which were Grade 12s. Thirteen guys were in Grade 12 this year. Crazy, eh? I will miss you boys, some of whom were entirely new to the game, and I thank you for coming out and making your last year a year of service to your school. You could have coasted out, but you didn't. You are Spartans through and through. You know who you are.

We started the year with a tough round-robin tourney at WIC in MTL. I wanted to get us some pre-CAIS games. We lost both games but learned a lot. Then came the national tourney at TCS in Port Hope. Four tough games, but we beat BCS on the last day, which was our goal.

We had a new team join our league this year to make it a four-team league again: Seminaire de Sherbrooke. They were a tough, skilled and very well-coached team and had a handful of superstars who play club rugby in the summertime. We gave them a great first half in the final but we were exhausted and ran out of gas in the second half. Nonetheless, we finished second in the ETIAC. We finished third at the Abenakis 7s Tourney out of 12 teams and we beat Essex again this year in our only exhibition mid-season game. Overall, this was an excellent season of about equal wins-losses and lots of character building, which is what sport is really about.

My last and most important point is this: remember my speech? The mash-up of Rosie and Dolf's speeches? Most Valuable People and Brothers? Yeah, well, you are those people now. Brothers and most valuable people from all around the world, playing on the same team. Stanstead did that. Remember and pass it on.

Congratulations to Grantus (MVP trophy), Jake, and Jo for their Major S awards and to Andres and Nick for their Senior S awards – one is like a son to me and the other is from New Jersey. You guys were fearless and more importantly, great team members.

A season of highs and lows – adventures, road trips to CAIS, Vermont, Montreal, Lennoxville and, yes, around the barn too. A season of both wins and losses, of building skills, relationships, leadership, teammates and foundation. As season of fewer excuses and more decision making. A season of using all your hands, your head and your heart. You reached and reached and continued to give what you could, no matter how tired you were. You learned to tackle, ruck, rip and maul, to stay onside (!), to go over, under and around opponents – to move the ball, see the space and have fun in the moment. While we coaches donned our rainsuits plenty of times, it seems to us that when we look back now, all we can remember are sunny days, and we have you, the athletes, to thank for that. We know wherever you go – you'll remember this too. See you soon.

This year's crop of eager young budding rugby players were, as always, faced with the daunting task of learning a tough new game from scratch with plenty of rules to assimilate and pitfalls to be overcome. And, of course, the weather. Our first tournament at Richmond was played in freezing blizzard conditions, which rapidly turned to fog and ankle-deep mud. The final game was played in 28C and high humidity. In between the players endured driving rain, high winds and thunderstorms. With more experience built on this year, the team rapidly gelled into an effective and winning team, victorious in their first game at Massey-Vanier and going on to crush the local ETIAC 7s league with a record of 14-1. Highlights included Alex Liddel-Grainger's kick-and-run try against ESB, the many bulldozer runs of Patrick Young, the penetrating drives of Jorge Mondragon and the sheer speed of Eduardo Coindreau, as well as many other fine individual efforts from team. Congratulations to Will Huckins, Patrick Young, Eduardo Coindreau and Jorge Mondragon for their Junior S awards for outstanding contributions to this year's team.

For two months, I asked these young women to give everything they had in practice and in games. To go for as hard as they can for as long as they can. To throw themselves into every drill to the best of their ability. To tackle opponents twice their size and run as fast as they can while being chased. Not once did they let me down. I think that my mantra for the season was, "I like to win, don't you all like to win?" The goal, started with India and Elizabeth three years ago, has always been the same: to be undefeated... to be perfect. As Ms. Hessian will often repeat, "Practice doesn't make perfect. Perfect practice makes perfect." Perfection is not something I could have achieved by myself, obviously, and I have a team of incredible young women to thank. So from the bottom of my heart, a great thank you to you, the junior girls. As a coach, you made it easy. You made it fun and funny. And most of all, you made it amazing. Finally, no practice or game would be complete without this: "Oh my god, I love rugby with my soul! What do we want? We want the ball, we want to score, we wanna have fun! Oh my god, I love rugby with my soul!"

This has been a tremendous year for the field lacrosse team. We participated in two jamborees and played one exhibition game, totaling six games in three weeks. Players learned valuable lessons about being a good teammate and sportsmanship, as well as important training habits in the weight room and on the field. We quickly became a formidable opponent even for seasoned, experienced teams, which is an indication of the continued improvement of this program.

This year saw a total of close to forty players participating in the popular sport of badminton. While one does not ordinarily think of badminton when we hear such words as speed, agility, finesse and endurance, it is these qualities that build the foundation of great badminton. We had our share of top-ranking players as well as those who had never played at all, and it made for a fine group of athletes. Although we had only one competitive tournament against other schools at the beginning of the season, that did not stop us from holding inter-squad tournaments on a bi-weekly basis. One of the nice things about badminton is that there are several tiers in which one can play: singles, doubles, and mixed doubles. We incorporated each of these into our tournaments and, overall, had a very successful season.

Mr. Williams would like to thank Mr. Prevost and Mr. Darshan for their assistance in coaching this season. Students displayed perseverance, humour and a strong willingness to excel this year. It was a terrific season. The players competed at Massey-Vanier, BCS and Selwyn House in Montreal. The results were always competitively close. A special congratulations to the two Major S winners, Matthew Trnkus and Michaela Pejzlova as well as their winning the shield matches. Also, congratulations to the Senior S winners, Shayla Coates and Samuel De Grace. Well done, players! Yes we were strong, and we all got along
Even during tennis, volleyball, rain
Through laughter and tears, tennis this year
Seemed to get better and better again
So you all may know wherever you go
That the glue that bonds this amazing team's heart
With its very own tether that brought us together
It never need ever be taken apart
Since you shined your own light, constant and bright
From the very beginning right from the start
And now we wish you all well For what lies in store
To go where no players have yet gone before
